

School of Mechanical and Aerospace Engineering

Reg. No. 200604393R

PhD Project Topic:

Pie Crusting of Tendons and Ligaments in Total Knee Arthroplasty; An Anatomic and Biomechanical Analysis Using Porcine Tendons and Ligaments

Supervisor: Assoc Prof Chou Siaw Meng (School of Mechanical and Aerospace Engineering)

Co-Supervisor: Assoc Prof Ng Kee Woei (School of Materials Science & Engineering)

Clinician Collaborator: A/Prof Howe Tet Sen (Dept of Orthopaedic Surgery, Singapore General Hospital)

Please apply through:

<http://healthtech.ntu.edu.sg/mainprogramme/GraduateProgramme/Pages/Home.aspx>

Project is listed here:
