

Ph.D. Topic:

Micro/Nano System and Materials for Biomedical Applications

The candidate will be developing novel microfluidic systems and nanostructured materials for biosensing and diagnostics.

Priorities will be given to candidates with background in microfabrication, microfluidics and nanostructured material development.

Supervisor: Asst. Prof. Zhang Yi, School of Mechanical and Aerospace Engineering, Nanyang Technological University

More about Prof. Zhang Yi's research can be found at www.yizlab.com

Clinical Collaborator: Dr. Shawn Vasoo, Tan Tock Seng Hospital

Interested candidate may send his/her CV directly to Prof. Zhang Yi at yi_zhang@ntu.edu.sg
