Publications

(a) Journal Papers

(i) Overseas

(92) Fu G; S B Tor; N H Loh; B Y Tay; D E Hardt 2008 Demolding of powder injection molded micro-structures: analysis, simulation and experiment, Journal of Micromechanics and Microengineering, 18(7), Art no. 075024.

(94) BY Tay, NH Loh, SB Tor, FL Ng, G Fu, 2009, Characterisation of micro gear produced by micro powder injection moulding, Powder Technology, Volume 188, Issue 3, 10 January 2009, Pages 179-182.

(109) Junhu Meng; Ngiap Hiang Loh; Bee Yen Tay; Shu Beng Tor; Gang Fu; Khiam Aik Khor; Ligen Yu, 2011, Pressureless spark plasma sintering of alumina micro-channel part produced by micro powder injection molding, Scripta Materialia Volume 64, Issue 3, February 2011, Pages 237-240.

(121) **Yu H; S B Tor and N H Loh, 2014,** Rapid bonding enhancement by auxiliary ultrasonic actuation for fabrication of Cyclic Olefin Copolymer (COC) microfluidic devices, Journal of Micromechanics and Microengineering, Volume 24, Issue 11, 1 November 2014, Article number 115020.

(122) **Z Z Chong, SB Tor, NH Loh, TN Wong, A M Ganan-Galvo, SW Tan and Nam-Trung Nguyen 2014** Acoustofluidic control of bubble size in microfluidic flow-focusing configuration, Lab Chip, DOI: 10.1019/c4lc01139b.

(ii) Local

(b) Conference Papers

(3) **Tor Shu Beng, 1988** Generic Data Structuring System for CAD, AIM88 4th International Conference on Automation in Manufacturing, Singapore November 1988 p7.40-7.66.

(4) **Tor Shu Beng, 1991** Geometric Algorithms for CAD Systems, ICCIM 91 The International Conference on CIM, Singapore October 1991 p241-244.

(14) **Khor, K.A. Loh, N.H. and Tor, S.B., 1995** Sintering Characteristics of MIM 316L Stainless Steel Powders Seminar, Mechanical Engineering Laboratory (MEL), Tsukuba, Japan, 23rd June 1995.

(27) **Britton, G.A.; Ma Y.S. & Tor S.B. 1999.** Object Technology Development and Unigraphics. Unigraphics User Group Spring Conference, March 14-18, Newport Beach, California, USA.

(34) **Z Y Liu, Loh N H, Khor K A and Tor S B, 2000**. Determination of sintering activation energy for powder injection molding 316L stainless steel parts, TMS Fall Meeting, 8-12 Oct 2000, St Louis, Missouri, USA.

(36) **Lee S.G.; Tor S.B. and Lye S.W. 2001** Assessing the effectiveness of packaging operations of personal computers, 1st international conference on integrated logistics (LOGISTICS 2001), Singapore pp 489-493.

(41) **Li J.R.; Tor, S.B. and Khoo L.P. 2001**, Integrating Tabu search and generic algorithm for disassembly sequence optimization for maintenance, 16th International Conference on Production Research (in CD-ROM), Prague, Czech Republic, E2.4, pp1-19.

Xiong Mohua, Tor Shu Beng and Bhatnagar R., Manage customer enquiries at the customer enquiry stage for SMEs – Problems and Solutions. The 17th International conference on Production Research 2003

Xiong, M.H.; Tor, Shu Beng; Bhatnagar, Rohit; Venkataramanaiah, S, 2003, Framework to Manage Customer Enquiries for SMEs, Collections in Innovation in Manufacturing Systems and Technology (IMST), Singapore-MIT Symposium, Jan-2003, http://hdl.handle.net/1721.1/3741

(57) Y. -S. Ma, G. A. Britton, S. B. Tor, 2004 "Commercialization of product, design, software etc developed from academic researches", Invited plenary speech on the 3\textsuperscript{rd} International Conference on Engineering Education (ICEE'04), 26-27 July, 2004, Manila, Philippines.

(62) Liu, Y.; HT Loh; S B Tor, 2005, Comparison of extreme learning machine with support vector machine for text classification, 18\textsuperscript{th} international conference on industrial & engineering applications of artificial intelligence & expert systems, Bari, Italy, June 22-25, 2005.

Tan X.P., Kok Y.H., Tor S.B. and Chua C.K., Application of electron beam melting(EBM) in additive manufacturing of an impeller, Proceddings of the 1st International Conference on Progress in Additive Manufacturing, 26-28 May 2014, Singapore, pp327-332,

(95) B. Saha, E. Liu, S. B. Tor. 2014, N:DLC:Ni antisticking coating for micromold, 28th International Conference on Surface Modification Technologies, 16th-18th June 2014, Tampere University of Technology, Tampere, Finland.

(c) Books, Monographs and Chapters

(3) Lye S.W.; Lee S.G.; Tor S.B.; Yeong H.Y., 1997 Integrated product & process development: methods, tools and technologies, an integrated framework for the design, manufacture and rapid prototyping of protective product packaging buffers, J Wiley & Sons Inc.
